Student Feature

Hello, welcome to the student feature! This week we interviewed Keante from high school, a 16 year old Junior. Keante likes to play sports like basketball, baseball, and football, and likes to watch Russel Westbrook, along with singing and playing drums. Speaking of music, he likes to listen to rap, country, pop, and Christian tunes. He also enjoys all of his classmates here, so if you get to know him he'll probably like you too! Keante loves to eat, especially a steaming plate of syrup covered chicken and waffles. Keante absolutely despises mosquitoes, bottom tier, and worst bug. He does, however, like Math because he's a huge nerd. Now, he cant get mad at me for saying he's a nerd because he told me he

can't read, so i'm in the clear. He can read one thing though, and that is his favorite verse, Psalm 18:2 "The Lord is my rock, my fortress and my deliverer..." Keante also spends his time working out, getting buff bro! He may only speak English now, but wants to learn Spanish and speak to everyone to where they can't understand him. When he grows up he wants to be a pediatrician, own a big house, wear a fresh pair of Nikes, and drive a Jeep or Forerunner like a cool person. Thank you for listening in, and make sure to listen again, because you could be featured here on the Knightly News!
