Chapel

Wednesday, Bishop David talked about a dream he had from God. In his dream God told him that of all his faults and failures, his fear is his ultimate failure. He also told us that the two most important things in life are to know God and to know that God knows you. Remember that God is your Father, and have faith that you can walk on the waters and dance on waves.

Student Feature

Wassup boys! This week we got to interview Levi Wade from lower level! Levi really likes sports and even wants to play baseball and basketball as a career. To fuel up for the fray, he eats tons of tacos, preferably from La Carreta. He also drinks tons of mountain dew to keep him going through the day. With all of his sports money, he'll buy a McLaren to flex around town. In the off time that he's not playing sports, he'll be playing Fortnite or 2k games. While he's chilling getting those victory royales, he's listening to some christian rap. When Levi has the distraction of school, he can at least work in his favorite subjects-- Word Building and English. One of the most special things about Levi is that he is technically cool, and that's a fact. Another outstanding fact about Levi is that he absolutely despises black widows and stink bugs with a passion. Levi is very interesting, so go talk to the lad. See you next week, nerds.
