Student Feature

Hey there, Lighthouse, hope you enjoyed your Christmas break! When we came back from break we got some new students! One of which is a new sophomore, Caleb Tallent. Caleb really likes rock climbing and rappelling on real mountains, none of that plastic wall in the corner of the arcade stuff. He also does cross country running for other schools like West Ridge. Speaking of school, he enjoys math class because he's just built like that, you know? When Caleb is finished with his climbing, running, and mathematical endeavours, he can go for a nice slice of meat lovers pizza, and wash it down with a cold can of mountain dew. Finally, someone to share Wes' love for the "delicious caffeine-filled energy drink" - Wes 2021. After he's done he wants to relax and chill, and likes to do so by playing COD or Tom Clancy's Breakpoint on his desktop, and maybe even listen to Green Gang while he's at it. You should go talk to Caleb sometime and get to know him, but until next time I'll see you later!
